

Vitalyst Health Foundation is on a mission to connect, support and inform efforts to improve the health of individuals and communities in Arizona. Our two-tiered grant process is designed to invest in the development or demonstration of ways to positively address complex community health challenges and reduce structural and/or systemic gaps in health outcomes or opportunities.

We are seeking proposals for the following two grant types:

### SYSTEMS CHANGE GRANTS

Catalyze collaborative work that transforms systems through changes to policies and practices to improve the health for our communities.

#### Award Amount

- Three-year awards
- Ranging from \$150,000–175,000 total

#### The Systems Change Timeline

Letter of Intent Due	November 1, 2019 by 5:00pm
Invitation to Submit Full Proposal	December 6, 2019
Full Proposal Due	January 24, 2020 by 5:00pm
Proposal Presentations	February 10–13, 2020
Award Notification	April 3, 2020

#### Grant Criteria

Letters of Intent and Full Proposals will be assessed based upon clear and concise responses.

- Clear description of the system where the policy and/or practice change will occur.
- How is the collaboration greater than the individual organizations?
- How will the project make a significant, sustainable difference, now and/or in the future?
- How does the project address the intersection of two or more elements of a healthy community through an equity lens?

### SPARK GRANTS

Support collaborations in the journey to address systemic change.

#### Award Amount

- One-year awards
- Ranging from \$10,000–30,000 total

#### The Spark Timeline

Proposal Due	February 28, 2020 by 5:00pm
Award Notification	April 3, 2020

#### Grant Criteria

Proposals will be assessed based upon clear and concise responses.

- What is the readiness and capacity of the partnership?
- How is the project approaching the work through an equity lens?
- How will the project make a significant, sustainable difference in the future?
- How does the project address the intersection of two or more elements of a healthy community?
